### A Message from The Senior Leadership Team

Dear all,

Last week was another busy week of learning at Fenstanton. We had a delivery of some fabulous new books so are in the process of creating a library in school. If you have any reading books at home that your child has finished reading, then please return them to school so they can be added to the collection.

We're really pleased to see so many children in school however as a school, we're aiming for a higher overall attendance. Thank you for trying your hardest to ensure your child is in school, on time, every day. If you are worried at all about your child's attendance, please speak to us to see if we are able to support in anyway.

We are still following our risk assessment in school with an aim of reducing transmission of the virus as much as possible. Please be aware of your child's school start and end time, (see below for a reminder), and please be punctual with the allocated timings so we don't mix bubbles in the playground. All children from Nursery to Year 4 should be accompanied by an adult and not left unattended before or after school.

Thank you for your continued support.

The Senior Leadership Team

## What's been happening at school?

## Year 1 - Nightingale Class

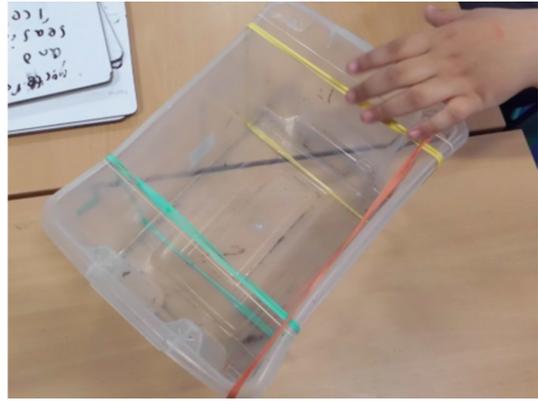

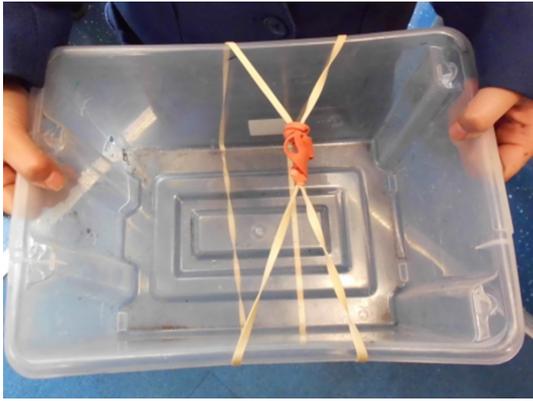

In year 1 we really loved Earth Day and learning about the ways in which we can help to save our planet. We loved it so much that we spent Golden Time making a collaborative picture of our Earth!

We have also been learning about dinosaurs and we have been making fossils.

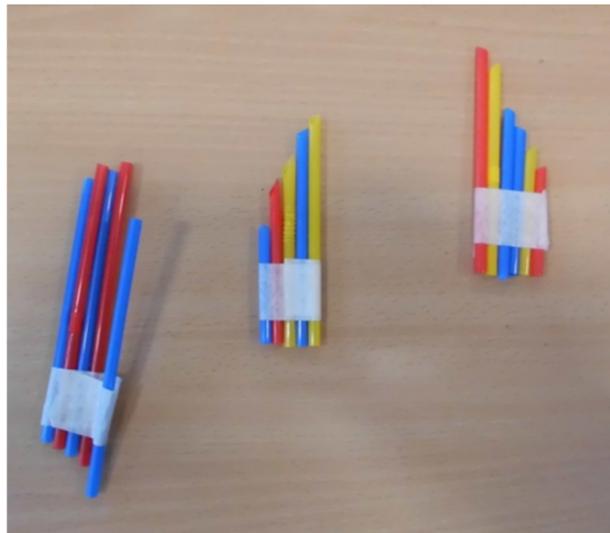

## Year 2 - Parrot Class

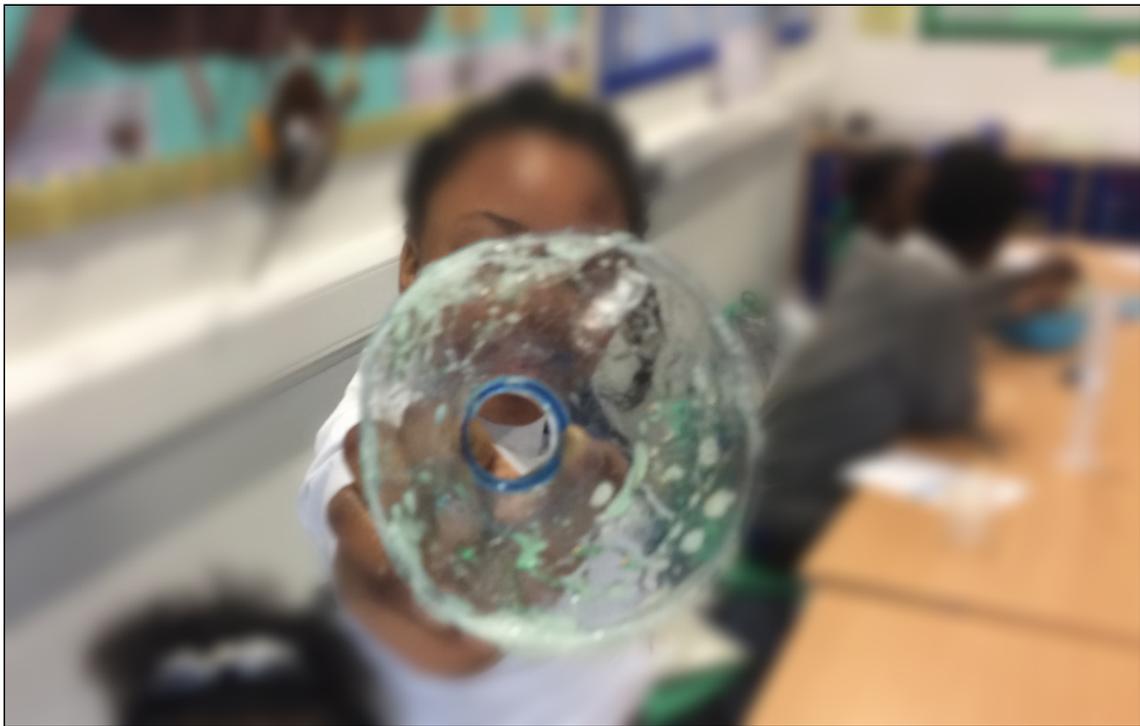

In our science lesson we were learning about the properties of different materials and we had to think creatively on what they could be used for. We discussed materials that were different for different purposes. We explored different materials that would best fit its purpose and looked at the properties of these materials. Our task was to make musical instruments out of recycled materials and identify which materials were the most suitable.

Then we tested our musical instruments by playing it.

---

## Year 4 - Toucan Class

In year 4, the Science topic is 'Changing States' and this week we have been learning about dilution and solutes. We conducted an experiment where we created a bubble wand using a plastic water bottle and used it to blow bubbles with washing up liquid. Gradually, we began to dilute the washing up liquid with more and more water and observed how this affected our ability to blow bubbles. We learned that the more diluted the washing up liquid became, the more difficult it was to blow bubbles because the washing up liquid became thinner and lost its consistency. Here are some pictures of Toucan class conducting the experiment.

We have been learning about verbs and how to use them in sentences.

We learnt that a verb is a word to describe an action.

For example, the word **jumping** is a verb.

'The rabbit was jumping in the field.'

Here are some examples of the excellent sentences we wrote.

We extended our work by adding some adjectives to our sentences.

Our work is displayed on our writing wall.

23. 4. 2021

Adding verbs to a sentence using verb picture cards.

The man is brushing his hair with a blue brush.

The girl is sitting on a white chair.

The man is blowing up a yellow because he going to do a party.

You were able to tell me what your sentences were. You also recognised the 'doing' word in each of the sentences. Well done [redacted], I am very proud of you.

23. 04. 2021

Adding verbs to a sentence using verb picture cards.

The grandpa is mixing flour and eggs because he is making a cake.

The girl is colouring on the board because she is making sewing.

The boy is blowing the yellow balloon.

With a little help, you wrote three brilliant sentences. You worked really hard, even adding a describing word. Well done.

## Placing verbs in sentences

He is brushing his teeth.

He is brushing his teeth up and down with a red tooth brush.  
Excellent use of a describing word Bayan

The baby is playing with the colorful blocks.

The girl is skipping.

The girl is skipping in the noisy playground.

You have made your simple sentences longer and more interesting by adding adjectives (describing words) to them. You were able to tell me which words were the verbs.  
Well done

23.11.21

## Adding verbs to a sentence using verb picture cards

Incl

The little girl is washing the dishes with soap and water. ✓

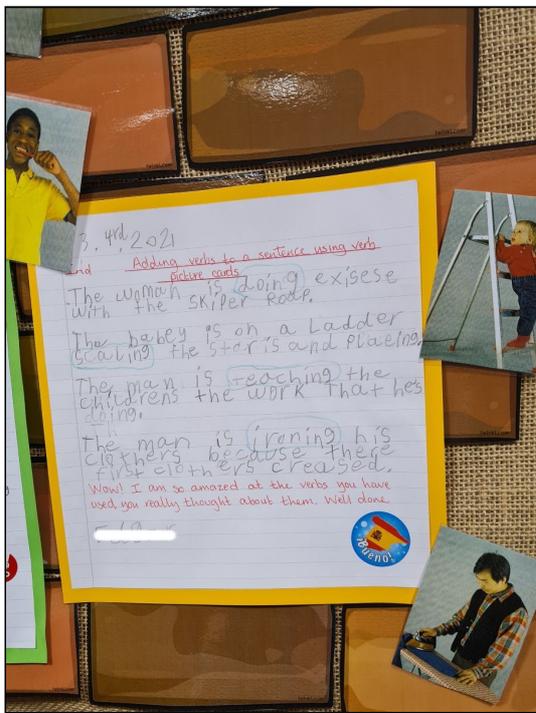

The girl is hopping with the skipping rope outside on the grass. ✓

The lady is going to Sasa with the white skirt and with the man. ✓

The grandpa is kneading and mixing flour and egg to make something.

Now you adding verbs (doing words) in your sentences, all by yourself.  
Well done for adding an adjective in a sentence.

## Speech Bubbles - Mr Gayle

Promoting social and personal wellbeing through story and play.

Welcome back to Speech Bubbles at Fenstanton. This is where our children are able to act out their stories and express themselves through role play.

The approach places play, story and joy at the centre of the creative learning experience. It intends to hand power over to children to develop the content of the sessions, in a safe and supportive environment.

Our Muslim community are celebrating the Islamic Holy Month, Ramadan. Well done and thank you to Chernoo, (Goldcrest Class), who wrote this informative article about Islam with the help of:  
Rayan and Nabil (Osprey Class)

Noreen, Jameelah and Abdul (Kestrel Class)  
Mohamed, Bayan and Nagham (Toucan Class)  
Omar (Wagtail: Class)

We hope you enjoy it.

# ISLAM

**Islam** is a religion. You would only know that we have our own holy book (the Quran) and that we have our own special day (Eid). But that's not everything about my religion. Did you know that Islam is the religion of peace? Bet you didn't know that, and this will tell you all about are religion.

# Ramadan

Ramadan is a month when you fast (don't eat from sunrise to sunset). This is for us to experience an underprivileged person's life -NO FOOD TO EAT AND NO WATER TO DRINK. This year Ramadan started on 13<sup>th</sup> of April 2021 and will end on 13<sup>th</sup> May 2021. This is also when you can build a relationship with the almighty Allah through the Quran. Since it is Ramadan, you should only play permissible games, pray more, give more sadakah (charity) and spend more quality time with family.

# God and the prophets

In Islam we believe Allah (Subhana Wataallah) is the only God. Allah does not have a gender and has never been seen. Allah talks to us through dreams and actions- never sleeps and has the whole world in his palm. We have had 25 prophets (messengers) from the first prophet Adam (alayhi salaam) to the last and most important prophet Muhammed (sallallahu alayhi wasalaam).

# Muslim names

In Islam everyone is required to have a Muslim name which links us to Allah's (Subhana Wataallah) messengers. Therefore, this makes all Muslims to be brothers and sisters sharing peace and love.

# Eid

After Ramadan we celebrate 3 days of Eid. What every Muslim should do is go to a mosque wearing a comise or Chador (depends on if you're a girl or boy) and pray. Then have a big feast and spend time with family and friends.

## A Chador

## A Comise

twin

Bikeability visited Fenstanton last week and helped some year 3 and 4s develop their cycling skills.

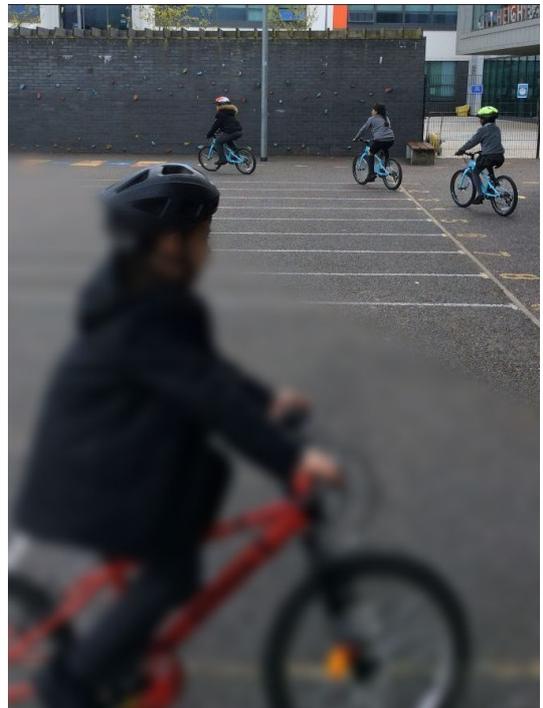

The programme is about acquiring practical skills to cycle safely and with confidence on today's roads.

It was really fun, and the children involved all passed Level 1 of the training.  
Look out for their badges!

**Well done everyone!**

## Attendance

**Monday 3rd May - Friday 7th May 2021**

Congratulations to Kestrel Class - 97.50%  
and Nightingale Class - 99.37%

Don't forget, our expected level of attendance for all pupils is 96% or above.  
Please ensure your child attends school every day and is lining up in the playground  
five minutes before their start time.

The theme for this year's Earth Day is  
"Restore **Our Earth**"

which focuses on natural processes and emerging green technologies  
that can restore the world's ecosystems.

It is up to each and every one of us to Restore Our Earth not just because we care  
about the natural world, but because we live on it. We all need a healthy Earth to  
support our jobs, livelihoods, health & survival, and happiness.

**Together, we have the power to Restore Our Earth.**

## Here are some more ways that you can support Earth Day:

### **Ride your bike.**

Find transportation alternatives that help reduce your carbon footprint but get you moving. The fewer cars on the road, the less carbon emissions polluting the air and contributing to global warming. Riding your bike and just taking a walk are two of the best options available. And if you don't have a bike or don't know how to ride one, carpool or take public transportation.

### **Buy reusable bags.**

Plastic bags take up lots of space in landfills and cause major problems for marine wildlife.

Instead, buy some super cute reusable bags to use when you go to the supermarket. You'll not only be stylish but eco-friendly as well!

### **Use a refillable water bottle.**

Just because you're tossing your plastic water bottles into the recycling bin doesn't mean they're not hurting the environment. The average London adult buys more than three plastic water bottles every week resulting in substantial amounts of single-use plastic waste. *Refill London* encourages shops, businesses and cafes to offer members of the public free tap water refills. Participating businesses display 'refill' stickers in their windows to let people know they offer free tap water and that there is no need to feel uncomfortable or embarrassed asking for it. They also appear on the [Refill app](#), making the nearest Refill point easy to locate.

### **Spend time outside.**

Earth Day is just a reminder of how beautiful and awesome our planet is.

Take advantage of it!

If you have a backyard, spend the afternoon outdoors reading, having lunch, or just taking in deep breaths of the fresh air. If you live in a major city and outdoor spaces are crowded, try going for a walk at an off-hour when the streets are quieter.

Just try to spend some time outside and show some love to the amazing place we all call home.

Pupils - if you want to learn more about Earth Day, click the link below. There's even a quiz to test your knowledge.

## **Eco Team at Fenstanton**

We are in the very early stages of launching and developing our Eco Team at Fenstanton. We will provide updates as we move forward so please look out for more information soon.

We have been able to enter a Lambeth competition to win a compost bin and will soon know if we are winners! Wish us luck!

**INCLUSIVE ENGAGEMENT FORUM**

# Help us develop Lambeth's first SEND Youth Forum

## Join us and help us to make sure:

- We give young people with SEND a chance to make changes to Lambeth and their community
- The services we provide are the right ones and that they meet your needs
- The views of young people with SEND are represented across all youth forums
- You are heard!

Various incentives awarded for full membership and consistent participation in the forum. Contact [jmartello@lambeth.gov.uk](mailto:jmartello@lambeth.gov.uk) or call 07999 019 189 for further information or to express your interest!

## Somos Lambeth Project

We are also pleased to be able to offer our Portuguese - speaking pupils in Year 5 Portuguese lessons which will take place once a week. Lessons will be taught by Luisa Ribeiro, who teaches at City Heights E-ACT

Academy and is made possible through the developing partnership between both schools.

Watch this space for updates on the progress pupils are making in their Portuguese lessons.

Last Wednesday the portuguese communitie in fenstanton went on a trip to city nights with Miss hunt and Miss Louis (the portuguese teacher). We met the drama English teacher and the cook which gave us apple juice and glapjacks which was deliscouse. We saw the year 11's do there GCSE's/ exams, but Frist we went to the cogition we sat down and had a chat about what we are going to do while we was eat our glapjacks the head teacher gave us a tour until he had leave. Then we went to the drawer Music room.

## The Big Ask Survey

The Big Ask is the largest ever survey of children and young people in England. It has been initiated by the Children's Commissioner whose role it is to speak up for all children across England and ensure their views are heard by Government. The last year has been really tough for children, and they deserve a say in what happens

next.

To find out more and have your child's opinion heard, please click the link here:

## **Children with Disabilities Team Online sessions for Parents and Carers**

The online sessions will be held on the first Tuesday each month, between 11am and 12.30pm. Parents and Carers of children and young people with SEND will be able to book a 15 minute online slot to speak with a CWD representative and the short breaks co-ordinator about any social care or short break queries they may have.

To book a 15 minute slot, parents and carer's should email [CWDTeam@lambeth.gov.uk](mailto:CWDTeam@lambeth.gov.uk), with a request for a booking, the name of their young person and date of birth, and a brief description of their query.

Sessions will be allocated on a first come first booked basis, and families will be sent an email with confirmation and details of their booking, and any request for further information. If requests for a slot are more than the slots available, the booking will be moved to the following month.

## **Author of the Week!**

Every week a popular children's author or illustrator will provide you with free books, exclusive videos and their top three recommended reads.

Having access to a school library is really important for children. School libraries nurture a love of reading that can enrich children's literacy skills, academic achievements and mental wellbeing. This Virtual School Library will ensure that children have access to the magical world of stories all year round, whether they are learning at school or at home.

Let's see who the next 'Author of the Week' is!

***Our author of the week is Ben Miller!***

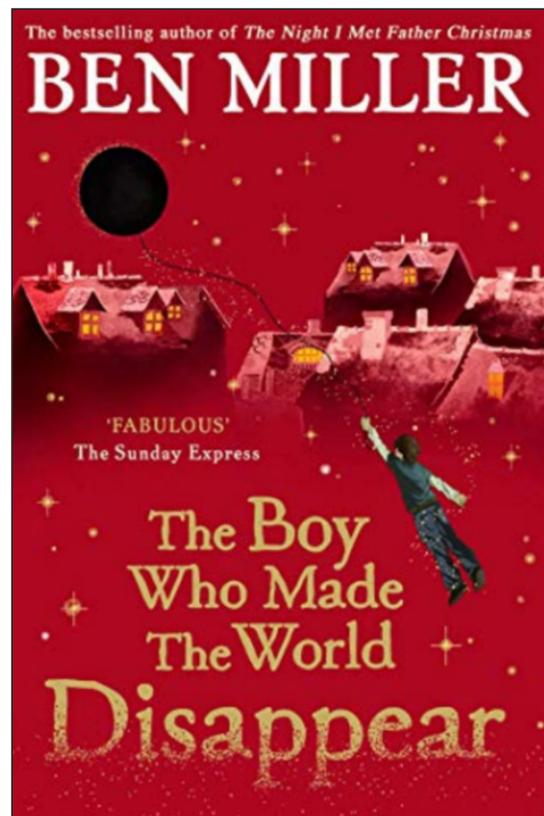

This week you can listen to the

audiobook of *The Boy Who Made the World Disappear* by Ben Miller and illustrated by Daniela Jaglenka Tarrazzini for FREE! There's also a video where you can hear more from the author, a Q&A all about reading and the chance to find out Ben's top three children's books.

Harrison tries his best to be good. He doesn't steal, he always shares with his sister and he never cheats at board games, but Harrison also has a BIG flaw... He can't control his temper!

So when he's given a black hole instead of a balloon at a party, Harrison jumps at the chance to get rid of everything that makes him cross. But when it's not just things he hates that are disappearing into the black hole but things he loves too, Harrison starts to realise that sometimes you should be careful what you wish for...

## Mental Health Awareness Week: 10-16 May 2021

Mental Health Awareness Week runs from Monday 10 May to Sunday 16 May 2021.

This year, join the fight for mental health.

During this pandemic, millions of us have experienced a mental health problem, or seen a loved one struggle. And we've seen that the support we all need just isn't out there.

For them, for us and for you – we must take this chance to step up the fight for mental health. That means fighting for change, for fairness, for respect and for life-changing support.

This year's theme is nature. Using the #ConnectWithNature hashtag, the Mental Health Foundation is exploring the positive impact nature and being outdoors has on our mental health.

Nature can come in any form of outdoor life - even if you're indoors. We all think of nature as going to the park, seeking out wildlife, a walk on the beach. But nature can be closer to home than we think.

Do you have any plants in your garden or on a windowsill? That's nature. Take a minute to look at how they're growing, their smells, their colours. Can you re-pot a plant that may be getting too big for its current home?

Evaluate how you feel before and after doing these small tasks.

**Lambeth Music Service: Brixton Hill Music Centre (Summer term)**

All being well, we will be reopening our Saturday Music Centre after the Easter holiday, and recognise the important role music making can play in supporting the wellbeing of children and young people after such a challenging 12 months.

The Music Centre offers a range of lessons and group activities from foundation to advanced level instrument tuition to Capoeira and theory classes. Our activities suit different ages and interests. We are particularly keen to bring to your attention our programme for pupils in Reception to Y3 which for the summer term will have a focus on supporting wellbeing through songs, musical games and more.

For more information and to sign up for Saturday morning Musitrax sessions or other activities please visit our website [www.lambethmusic.co.uk](http://www.lambethmusic.co.uk)

**Amazing Animals!**

This week's amazing animal is the Kangaroo! Here are some fun facts you might not know:

1. Kangaroos are the largest marsupials alive today.
2. Most kangaroos are left-handed. They use their left hand for tasks such as grooming and eating about 95% of the time and typically use their left hand for precision and their right for strength.
3. Charities such as WWF are still taking donations that are used to provide emergency care for injured wildlife, including Kangaroos.
4. One kick from a kangaroo has enough force to kill a human.
5. Australia has more kangaroos than humans!

**KS1 Challenge!**

## Card sharp

Take ten cards numbered 0 to 9.

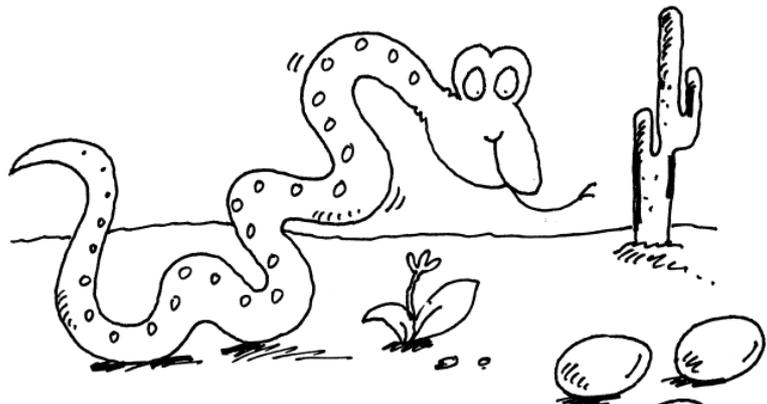

1. Pick three cards with a total of 12.  
You can do it in 10 different ways.  
See if you can record them all.
2. Now pick four cards with a total of 12.  
How many different ways can you do it?
3. Can you pick five cards with a total of 12?

## KS2 Challenge!

### Susie the snake

Susie the snake has up to 20 eggs.

She counted her eggs in fours.  
She had 3 left over.

She counted them in fives.  
She had 4 left over.

How many eggs has Susie got?

## Phonics Corner!

Welcome to our new Phonics Corner, where you'll find links to weekly videos to support your child in blending their known sounds. For those who are confident with their blending, there will also be a phase 5 caption for your children to practise reading.

Please don't hesitate to ask any questions you may have around phonics with either your child's class teacher or a member of the senior team.

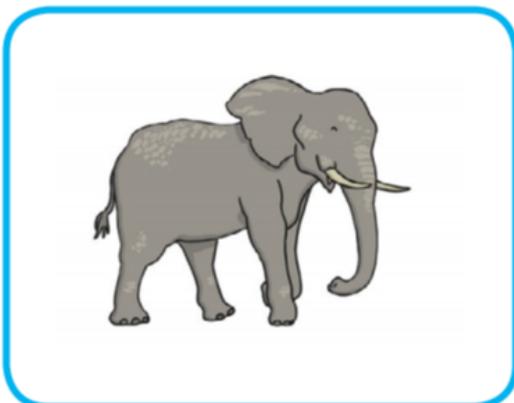

Have fun!

### Blending practise

Each week there is a competition between classes in years 3 and 4. The most correct answers achieved by a class, means that they get an extra 10 minute playtime the following week. Individual certificates go to children that logged on and practiced the most. Here are the results from 30th April - 7th May:

#### Year 4

Winning class = Wagtail

Times Table Rock Stars

Toucan = Mohammed

Wagtail = Felicity

Well done to all those children that logged on for Wagtail class. Come on Toucan - you can do it for next week!

HONESTLY GOOD FOOD

Children are bound to spend lots more time on devices during school closure. **DON'T FEEL BAD ABOUT IT** – lots will be schoolwork or catching up with friends. But there are ways to keep them safe, healthy and happy.

**Don't worry about screen time; aim for screen quality**

Scrolling through social media isn't the same as making a film or story, or Skyping Grandma. Use the Children's Commissioner's 'Digital Five A Day' to plan or review each day together.

**Check the safety settings are turned on**

Whether it's your home internet, mobile devices, consoles, apps or games, there are lots of settings to make them safer. The key ones are - can they chat to strangers, can they video chat or 'go live', are their posts public? **Internet Matters** has hundreds of guides to parental controls.

**Get your children to show you their apps and games**

You don't need to know all about the latest app or game, but if your child shows you what they are doing and with whom, you'll probably see if it's appropriate or not. Remember 18 games are not more advanced – they are harmful to children! For parent guides to apps, including recommendations for kidsafe apps and video platforms, search for **Common Sense Media** or **NSPCC's NetAware**. And why not download the **BBC Own It** app?

**Don't try to hide the news about coronavirus**

If you don't talk about it, your children might read inappropriate pages, believe scare stories or simply catastrophise in their heads. Why not watch **Newsround** together and talk about how they feel – there is guidance from **Childline** to help you.

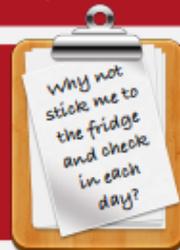

**Remind them of key online safety principles**

There are too many to list, but remember human behaviour is the same online and offline. Remind your children to be a good friend, to ask for help if they are worried or if someone is mean, not to get undressed on camera and most important of all... if somebody tells them not to tell or ask for help because it's too late or they will get in trouble, **THAT'S A LIE!**

**If you aren't sure, ASK!**

Your school may be able to give you advice, but there are plenty of other places to ask for help as a parent or a child, whether it is advice or help to fix something. Lots of sites are listed at **reporting.lgfl.net**, including ones to tell your kids about (they might not want to talk to you in the first instance).

You can find anything above by just googling it, or follow us @LGfLDigiSafe on Twitter or Facebook where we regularly share these resources

## Home Learning

We are delighted to be able to inform you of our Remote Learning Offer for all of our GHF schools.

All EYFS remote learning will be accessed through Tapestry. This will be accessed by parents/children through accounts that have already been set up by your child's class teacher that you are currently using.

All remote learning for KS1 and KS2 will be accessed through Microsoft TEAMS. All children will be linked to their 'virtual classroom' and will be able to access all remote learning through this platform.

Thank you in advance for your continued support and for continuing to work in partnership with us. With your support we can provide the very best education for all our children enabling them to achieve the highest standards to academically make progress in their learning.

If you have any concerns please do not hesitate to email your school office.
